SATURDAY MARCH 2, 1912

Don't object that your duties are so insignificant; they are to be reckoned of infinite significance, and alone important to you. Were it but the more perfect regulation of your apartments, the sorting away of your clothes and trinkets, the arranging of your papers—"Whatsoever thy hand findeth to do, do it with all your might," and all thy worth and constancy. Much more if your duties are of evidently higher, wider scope: If you have brothers, sisters, a father, a mother, weigh earnestly what claims does lie upon you, in behalf of each, and consider it as the one thing needful, to pay them more and more honestly and nobly what you owe. What matter how miserable one is, if one can do that? That is the sure and steady disconnection and extinction of what-soever miseries one has in the world.—T. Carlyle.

What would you rather do than be mixed up in the Mahuku site case?

Politics run under a dictatorship in certain to lead to political and governmental nature.

Nevada's Governor may declare for Roosevelt but the delegation to the convention will be for Taft.

Pin your faith to tourists and a clean town; back up your faith with works, and you are sure to make money in Honolulu.

Mr. Bryan is for free sugar and the extended income tax. Perhaps that is another good reason why more of the members of the House will shy from it.

This Pekin affair sounds something like the last gasp of the Manchus before they are finally wiped off the map.

When local interests employ and support community blackguards they must not feel hurt when held responsible by the authorities for what the blackguards say.

This is our coldest weather, thank you. And February 22nd was a sample of the hottest. So the tourist may be sure of being comfortable at all times of the year.

That automobile club can't get into action any too soon. Only a few weeks usually elapse before another fool driver claims a victim of criminally reckless speeding.

Just so soon as the sugar stock market reaches the bottom of the flurry it will be the time to remember that in a long number of years the home investment has never failed to make good.

Slaughter at Pekin has long been expected. What the officers of the Republic will do about it represents the supreme test of the new government before it will be able to gain the full confidence of the world.

Don't say that the Chamber of Commerce building will be dropped. If Honolulu really has a proper appreciation of the work that Jas. P. Morgan did for the community, it will carry through the Chamber of Commerce building as a fitting expression. Give the matter a few more thoughts before abandoning it.

The great advantage of the selection of J. D. Tucker as Land Commissioner is that he has shown that he knows his business. It would be fortunate if the same could be said of the head of every department under the administration.

Democrats in Congress are making lively campaign material for whoever may be the unfortunate candidate for Delegate to Congress from this Territory. He can't possibly make headway unless he repudiates his own party.

If refined sugar is admitted free of duty it will of course mean free sugar for raws. Wiping out the differential between the duty on raws and refined is doubtless what the sugar men referred to when speaking of the House committee proposing free refined sugar and a continued duty on raws. But after all, it doesn't amount to much, for, as Mr. Pollitz says, the bill will never pass.

Bear in mind that Mr. Taft has stated that he will veto a bill carrying a free sugar proviso. Under those circumstances can the people of Hawaii afford to allow any doubt of their position when it comes to deciding between the administration of President Taft and the recognized program of the Progressives for tariff destruction. See that your vote in future primaries is placed where it will count for Taft.

"KILLING" JOHN WISE.

Finding that the "Kill Kubbio" campaign won't work, the morning paper is returning to its vomit on John Wise.

The great sin that John Wise has committed in the estimation of the morning paper is, that he has said something adverse to Jarrett, the Democratic County Sheriff.

This is indeed awful. Especially when the inefficiency of the Democratic administration of the police department is evident on every hand.

But what can you expect from the "managers" of that lovely third party movement?

ADVERTISING THE CHURCHES.

Use of practical methods to interest people in their moral welfare is now become a recognized necessity by men who expect to get results beyond the regular payment of their salary.

First on the list of the practical in advertising. The leaders among church men find that they must advertise in the newspapers if they are to keep the public interested in what they are doing.

One of the leading advocates of advertising for the churches is the Rev. Dr. Christian F. Reiser, pastor of the Grace Methodist church of New York city. Speaking before the annual New England conference of the Methodist church Dr. Reiser said:

"Advertise your churches in the newspapers and keep in touch with newspapermen.

"It is a great mistake for clergymen to keep aloof from newspapermen and refuse to be interviewed. Why, everybody reads the newspapers, and if you want to get your interests before the public, you must advertise in this important agency. They will always treat you fairly if you give them reason for doing so. Why, I

my friend, take my advice and let those dice alone. They're loaded.

Intoxicated Gambler—Certainly they are! So'm I. Fair for one as 'tis for the other!

"And so you are an ex-slave," said the traveler in the South. "How interesting. But when the war was ended you got your freedom."

"No, sah," replied Uncle Rastus. "Ah didn't git no freedom. Ah was married."

never could get a congregation in my New York church did I not get the newspapers on my side.

"I send them weekly every item of news in my church and then they can pick out what they want to publish. You must use business methods in the churches today. A wide-awake business man will always advertise. A wide-awake church will do the same.

"Advertise your church and you compel the people to come in. If I had money I would put a display ad." in the paper every week, and tell the people what I was trying to do for religion in my neighborhood."

KUHIO, TAFT AND FACTIONALISTS

At every turn of the political compass—and it can be twisted many times a day in Hawaii—Delegate Kuhio has been found absolutely sound and unwavering on the two cardinal points covered in his statement issued to the public immediately after his return to this city.

He is for an unreserved endorsement of President Taft for re-election and an instructed Taft delegation from this Territory to the Chicago convention.

He is for keeping the so-called Kuhio-Frear controversy out of the Territorial convention, leaving the judgment in that affair to the officers of the administration at Washington.

To quibble and further question the sincerity of the Delegate on these points of most serious moment in community and partisan activities is nothing more or less than to seek further trouble and carry on a factional war on the basis of the senseless "kill Kubbio" campaign.

The duty of the present hour is to go forward to the election of delegates to Chicago, and in the selection leave no shadow of doubt as to the loyalty of those delegates to President Taft and the Taft cause. In other words, stick to the text of this particular convention.

Further friction on issues outside this main purpose for which the Republican convention will soon be called means that the whole Taft program for Hawaii is likely to be jeopardized, for it must not be assumed that there are no Roosevelt or anti-Taft men in the Territory of Hawaii.

If this friction is continued by men within the party who are outwardly at least for Taft, they will be held responsible for endangering the election of a Taft delegation from Hawaii, and their position cannot fail to be thoroughly well understood by the Taft workers at the Federal headquarters.

CABLE TELLS OF DISORDERS

Dr. K. F. Li has received the following cablegram from Peking:

Peking, March 2.—On the night of February 29 soldiers of two regiments of the Third Division, on account of various things, became disorderly. They began to set fire to the shops of the city and burned some of them, but when day broke they were checked, and now every effort is being made to quell them. The building of the President as well as the residences of all the foreigners and those of the representatives of various provinces are safe.

For news and the truth about it all people buy the Bulletin.

Wholesome Milk

The electric process of treating all milk received at our depot makes possible the delivery of an absolutely pure milk.

Besides the precaution of electrically treating the milk, we maintain perfect sanitary conditions in our dairies.

CELTIC BRINGS BIG EXCURSION, IS LATEST NEWS

News was received by the Manchuria yesterday that a bigger excursion than that of the Hamburg-American liner Cleveland may visit Honolulu at the end of this year. Eight hundred and fifty persons, on the White Star liner Celtic, will make up the largest party that ever visited the Pacific.

The Clark company of New York, which formerly promoted and handled the Cleveland excursions, but which later severed relations with the Hamburg-American line, is handling the Celtic voyage. The Celtic will sail from New York on October 19, and is expected to arrive at Oriental ports toward the end of February.

The news of the coming of this vessel surprises local people. The detailed itinerary has not yet been received, but it is believed certain that Honolulu will be included as a port of call.

The Rev. William E. Toll was consecrated suffragan bishop of the Episcopal church in the diocese of Chicago. He thus becomes the third suffragan bishop in the United States.
